Aluminium 2000mm

Quicklink: Q3B2F

General

Colour	Aluminium
Construction	Aluminium / Plastic

Dimensions

Depth	23mm
Length	2m
Width	26mm

The **Gip Surface Extrusion Kit** comes in 1m or 2m lengths and is used to house our TAPE100 or TAPE30, which keeps the tapelight safe and out of the way.

Included with the Gip Surface Extrusion Kit is an aluminium extrusion, diffuser and two end caps.

Can be used in conjunction with the **Teknik Extrusion** ideal for when recessing into plaster board.

This extrusion has been anodized.
