Quicklink: Q3F98

General	
Cap	SBC / AR70
Colour	Black
Construction	Steel
Dimmable	Yes
Dimensions	
Cut Out	316 x 112mm (Length x Width)
Horizontal Rotation	45°
Vertical Rotation	45°
Electrical	
Energy Efficiency Rating	A
Maximum Wattage	24W (3 x 8W)
Voltage	240V
Light Characteristics	
Beam Angle	19°
Colour Rendering Index	80
Colour Temperature	2700K Warm White
Halogen Equivalent Wattage	75W
Lumens	750 lm
Lumens Per Watt	31 lm/W

The **LED Grid Trimless Triple AR70** is an adjustable downlighter with 3 **Reality AR70 LED 8W Lamps & Drivers**.

This product comes with a mounting ring which is designed to be fitted into the ceiling and plastered in before the light fixture is put into place. The downlighter fits into the hole in the ceiling and will rest on top of the mounting bracket. Once the light is fitted there will be no trim unlike the similar Grid Range of products.

The **Dimmable Reality AR70 LED 8W Lamp and driver** is an LED lamp that matches a halogen lamp in terms of light source and aesthetics. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result is truly warm and gives that arc of light we are all used to seeing with halogen.

The AR70 Reality Lamp is equivalent to a 75W AR70 halogen lamp and, like a halogen lamp, is dimmable.

Key Features

- Replicates halogen reflector
- LED positioned further back for anti glare
- Complies with October 2010 Part L regulations
- Fully dimmable with leading edge dimmers
- Equivalent to 75W AR70
- Fits B15D lampholder
