The **Latina Glass** pendant shade is an elegant simple glass shade, to be used with our pendant kit or alternately paired with other lamp holders, ideally suited to be paired with a filament lamp the glass pendant shade acts as a diffuser for the lamp creating interesting colours and lighting effects with a its semi transparent material.

Mr Resistor's Glass Pendant Shades are created from high quality Venetian glass. The shades are all hand blown in Italy, which gives each one a unique character. The pendants can be hung individually or in groups and when teamed with our LED carbon filament lamps, they give a retro yet contemporary feel to any space.

Please note: Shade reducer required if using the Dome Pendant Kit E14/SES.
