Shade Diameter 130mm

Shade Height 140mm

The **Polla Glass** pendant shade is an elegant simple glass shade, to be used with our pendant kit or alternately paired with other lamp holders, ideally suited to be paired with a filament lamp the glass pendant shade acts as a diffuser for the lamp creating interesting colours and lighting effects with its semi transparent material.

Mr Resistor's Glass Pendant Shades are created from high quality Venetian glass. The shades are all hand blown in Italy, which gives each one a unique character. The pendants can be hung individually or in groups and when teamed with our LED carbon filament lamps, they give a retro yet contemporary feel to any space.
