**PVC Miniature Transparent Flat Flex Cable** is ideal for connection of glass and metal chandelier arms to the lampholder where the flex needs to be hidden. It is also ideal for applications where space is strictly limited and cable is subject to heat. Each core as well as the jacket are transparent. Suitable only for location indoors and connection to mains power.

This product is priced per metre and cut to order, please order the relevant number of metres required. To buy a 100 metre reel please add 100 to the quantity.

**Please Note:** Once cable is cut cannot be returned.
