

# MR16 Halogen

Refleкто Halogen MR16  
50W 36°

**MR. RESISTOR**<sup>®</sup>  
Lighting Specialist Est. 1968

## M258B BLACK

50W 36°

Quicklink: Q2B9D

### General

Cap	GU5.3 / MR16
Construction	Clear Glass
Dimmable	Yes

Dimmable Yes

### Dimensions

Diameter	50.7mm
Length	44.9mm

### Electrical

Voltage	12V
---------	-----

### Light Characteristics

Beam Angle	36°
Colour Temperature	2900K Warm White

The **Refleкто Halogen MR16** has a reflective aluminium coating applied to the inner surface of the lamp. This reflects heat and light away from the light fitting both protecting it and increasing its efficiency.

Low voltage halogen lamps produce a clean and crisp light versatile enough for a variety of applications but particularly suited to display lighting due to their close to natural colour rendering.

The Refleкто Halogen MR16 lamp is fully dimmable.
