IP Rating	IP00

Electrical

Maximum Wattage	1000W
Voltage	240V

This module can be used to custom make your own switch as the module is manufactured to fit in common available wall plates and back boxes. It can also be used as a direct replacement for faulty or broken modules in existing switch.

This module includes adaptor plates for the **MK Gridswitch system**, the **Delta System**, the **Crabtree System** and the **MEM System**.

This product requires a standard 35mm back box, but for multiple installations a 47mm box may be preferable.

This product is for **switching only**.

Please note: Compatible with Leading Edge only. Technical information is available on this product see tab above.
