

The **FlexiDimm** is an in line dimmer for use with LED 4-25W table and floor lamps. This dimmer is trailing edge. This dimmer can also dim halogen 25-150W. It is small, light, discrete, easy to use and easy to connect.

A push button is used for dimming your lights.

This dimmer is not a switch and will still be a live circuit even when the light source is dimmed down to 0%.
