| Dimmable | Yes |
|----------|-----|

### Dimensions

|          |       |
|----------|-------|
| Diameter | 64mm  |
| Length   | 143mm |

### Electrical

|                 |      |
|-----------------|------|
| Maximum Wattage | 6W   |
| Voltage         | 240V |

### Light Characteristics

|                            |                  |
|----------------------------|------------------|
| Colour Rendering Index     | 80               |
| Colour Temperature         | 2200K Warm White |
| Halogen Equivalent Wattage | 60W              |
| Lumens                     | 560 lm           |
| Lumens Per Watt            | 93 lm/W          |

LED Carbon Filament lamps offer a energy efficient alternate to carbon filament lamps, while providing the same aesthetically pleasing look and upto 5x lamp life. Each lamp contains strips of LEDs emitting light in all directions ideal for decorative fittings.

When used in conjunction with a dimmer, we recommend a load of at least 40W in order for the lamps to work to their full potential.

**Please Note:** This LED lamp comes with an automatic one year warranty as standard.
