

The **Dimmable LED PAR30** is designed as a direct retrofit replacement for halogen PAR30 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents (60W) but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

## LEDPAR3010 79409

10W (=60W) 2700K Warm White  
Quicklink: Q1F48

### General

Cap	ES / E27
Construction	Glass / Plastic
Dimmable	Yes

Dimmable	Yes
----------	-----

### Dimensions

Diameter	97mm
Length	99mm

### Electrical

Maximum Wattage	10W
Voltage	240V

### Light Characteristics

Beam Angle	20°
Candela	1000 cd
Colour Rendering Index	80
Colour Temperature	2700K Warm White
Halogen Equivalent Wattage	60W
Lumens	450 lm
Lumens Per Watt	45 lm/W
