

In-Line Foot Dimmers

3 Core Slide Dimmer/Switch (1 Circuit) 240V

Black 500W

MR. RESISTOR®
Lighting Specialist Est. 1968

The **Slide Dimmer Switch** is a slide dimmer with switch that can be used with your incandescent or halogen floor/table lamps. This is a single circuit Slide Dimmer Switch meaning that only one lamp can be connected.

The dimmer and switch can be controlled by either hand or foot.
