

WISEGMOUSE SWI

Black
Quicklink: Q3AF8

General

Colour Black
Construction Plastic
IP Rating IP20

Radio Frequency 868.3 MHz

Dimensions

Depth 25mm
Height 80mm
Plate Depth 3mm
Width 80mm

The **Wise Mouse Switch** is a wireless switch with daylight sensor.

Wireless switches can be used to control any of the receivers in the Wise Controls range. The function of the switch, and each of its buttons, depends upon the function of the wireless receiver it is programmed to. Therefore a single button can be used for a variety of functions including, but not restricted to, on/off, dimming or master off only.
