PRO REAL35MO/35D

35° 3000K Warm White
Quicklink: Q41B2

General

Colour Chrome
Construction Aluminium / Plastic
Dimmable Yes

Dimmable Yes
LED Type Cree

Dimensions

Diameter 35mm
Length 60mm

Electrical

Energy Efficiency A
Rating
Maximum Wattage 8W
Power Factor 0.90
Voltage 240V

Light Characteristics

Beam Angle 35°
Colour Rendering Index 93
Colour Temperature 3000K Warm White
Halogen Equivalent Wattage 75W
Lumens 700 lm
Lumens Per Watt 88 lm/W

The Pro Reality LED Light Engine Module 8W is an LED lamp that matches halogen light source. This is achieved with the use of a single Cree LED chip with a reflector built around it. The result is truly warm and gives that arc of light we are all used to seeing with halogen.

We have used an improved circuit for the LED driver for smooth, flicker free dimming. We have fully tested dimming with Lutron and various dimmer modules

The Pro Reality lamps are our most powerful LED lamps yet, but with the benefit of being energy efficient, all complying to the 2013 Part L regulations. The Lamps high lumen output make them ideal for lighting large spaces and high ceilings.

The Pro Reality ranges high CRI makes it ideal for lighting residential interiors, with its superior light bringing out all the colours, materials and textures of the home. The perfect colour spectrum of the light also makes the lamps ideal for lighting artwork and ornaments.

Key Features

- Replicates halogen reflector
- Colour Rendering Index of 93
- LED positioned further back for anti glare
- Complies with 2013 Part L regulations
- Fully dimmable with leading & trailing edge dimmers
- Equivalent to 75W Halogen
- Fits 35mm Downlight
- LED Chip : CREE CXA1512 chip

Please Note: This LED lamp comes with a one year warranty as standard.
