

LEDPAR20G 35D WW

7W 3000K Warm White
Quicklink: Q4BDE

The **LED PAR20** is designed as a direct retrofit replacement for halogen PAR20 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.

General

Cap	ES / E27
Colour	Silver
Construction	Plastic
Dimmable	Yes

Dimensions

Diameter	64mm
Height	82mm

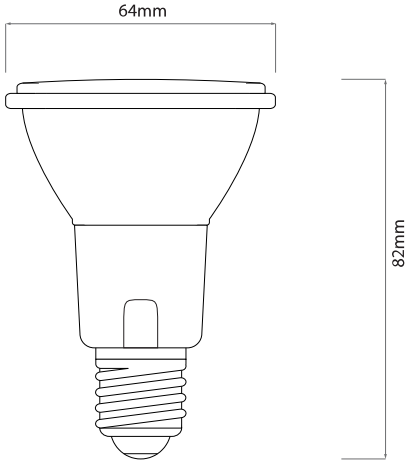

Electrical

Energy Efficiency Rating	A
Maximum Wattage	7W
Voltage	240V

Light Characteristics

Beam Angle	35°
Colour Rendering Index	82
Colour Temperature	3000K Warm White
Lumens	570 lm
Lumens Per Watt	81 lm/W
