

LEDPAR30G 60D CW

8W 4000K Cool White
Quicklink: Q536C

The **LED PAR30** is designed as a direct retrofit replacement for halogen PAR30 lamps. It has a comparable light output and beam spread to its incandescent and halogen equivalents but is up to 80% more energy efficient and has a far greater life span. The LED technology used in this lamp give it the comparable benefits of being entirely mercury free, producing little or no heat and having no ultraviolet or infra-red light in its output.
