Maximum Wattage	14W
Power Factor	0.90
Voltage	240V

Light Characteristics

Beam Angle	45°
Colour Temperature	3000K Warm White
Lumens	950 lm
Lumens Per Watt	68 lm/W

The **Dali AR111 LED 14W & Driver** is a Dali controlled LED lamp with transformer. Dali (Digital Addressable Lighting Interface) allows each fitting to be individually addressable. Each fitting is assigned a unique static address in the numeric range 0 to 63, making it possible to control up to 64 devices in a standalone system.

The AR111 LED 14W Lamp is equivalent to a 75W AR111 halogen lamp and, like a halogen lamp, is dimmable.

AR111 Reflector lamps are ideal for spaces with high ceilings, providing excellent illumination without glare. Their high brightness and focused beam ensure effective lighting from a distance, while the anti-glare design offers a comfortable and visually appealing environment. These lamps are extremely versatile, making them perfect for various settings, including retail, hospitality, galleries, and residential areas.

Key Features

- Complies with October 2010 Part L regulations
