Amperage 16A

Maximum Amps /
Circuit 16

Maximum Wattage 3500W

Voltage 240V

The Wise Box One kit includes a 4 button keyfob and a Wise RS232 Interface

The **Wise Box One** is a one channel receiver that is controlled wirelessly. We have developed the Wise Box One Channel to place at multiple locations in one garden. The box is small, weatherproof, easy to mount and black, to blend into surroundings. The Wise Box One has advanced software for more flexible programming.

The Wise box unit will control your lights, water features, electric shutters and gates etc. Once programmed, place the indoor wireless switch in a suitable location and the installation is complete. Enjoy switching your circuits from anywhere in your garden or home with the remote control.

The Wise Box One kit includes a 4 button keyfob and a Wise RS232 Interface

The **Wise RS232 Interface** is used as a way of communicating between the wise controls system and other AV equipment.

Works with:

- Wise Recievers
- Control 4
- Creston
- Lutron
- Mode
- RTI
