WISERSW2 WHITE

2 Channel White
Quicklink: Q197D

General

Colour	White
Operating Temperature	-10°C ~ +55°C
Radio Frequency	868.3 MHz

Dimensions

Depth	10mm
Height	80mm
Width	80mm

Electrical

Power Supply	3V Lithium Battery CR2430

The 1, 2 and 4 channel **Wise Skin Switches** can be programmed to any of the channels on the Wise receivers. You can add up to 32 switches to the Wise receivers. This means there is no need for two way wiring as you can add another radio switch and place it where you like. You can program these switches to switch more than one Wise receiver.

The battery life lasts up to two years.

Key Benefits

- Turn all circuits off
- Turn the first 2 circuits on
- Turn all 4 circuits on
- Radio switches require no wiring
- No back box required
